## COMMUNITY SUPPORT PROGRAMME

### Important Announcement

The current Coronavirus pandemic creates a new set of problems for us all which, we suspect, are unprecedented in all of our lifetimes. The many issues that go together with self-isolation, for example, need specific attention as to how these are going to be managed in the future.

As a Parish Council, we can be instrumental in supporting those who face self-isolation and ideas have been coming forward for how we might achieve this.

We propose to –

- establish a hub that will support those most vulnerable in our area
- Those with needs related to the coronavirus outbreak should be encouraged to contact the hub explaining their individual needs
- Those who are volunteering to help should leave their details with the hub explaining what area they live in and what they are prepared to do for their neighbours
- The hub acts as a link between those with needs and those who can help

The hub will effectively try to link those with a need to those who are prepared to volunteer to help. Please be aware that we are not checking on volunteers with regard to DBS, for example.

If you think you can help, please let us know. If you think we can help you, please let us know.

By providing this link we hope that we can help those who have a need. Please do contact us by either of the following –

**Email:** [parishclerk@bickleigh.gov.uk](mailto:parishclerk@bickleigh.gov.uk)

**Telephone:** 07970 669441

We will do our very best to offer you whatever support we can.
