

Good Morning

I'm writing on behalf of Kier Living, who are developing the site at the end of Pinewood Drive, Woolwell.

We're still going through the Reserved Matters planning process, but will be looking to make a street naming application as soon as the Reserved Matters consent is received.

We have already been in touch with South Hams Street Naming department who have suggested we discuss any potential street naming proposals with yourselves prior to making the application.

We would like, if possible, to name one of the streets after a colleague Christopher Trow, who passed away in September after a short battle with Cancer and was involved in some of the planning of this scheme, the Street Naming team have confirmed that our proposals for either Trow Gardens or Trow Drive would be acceptable but wanted to confirm with the Parish Council that it would be acceptable before contacting the family for permission.

I'm not 100% sure how many different street names will be required for this development so we have some additional/alternative proposals which are Buckland Close, Clearbrook Avenue and Meavy Close/Avenue.

I would appreciate your feedback on these proposed names and welcome any alternative that you have that would be more appropriate.

Many thanks

Regards

Amy
